

JONDO Sunglasses | User Manual & Warranty

1. Technical Information

- **Manufacturer:** Frame Alliance (Pty) Ltd
- **Compliance:** This product complies with **Regulation (EU) 2016/425** and meets the **EN ISO 12312-1:2013 / A1:2015** standard for eye and face protection.
- **Filter Category:** Category 3 (8% - 18% light transmission)
- **Lens Type:** Non-Polarized KRISP Lenses

2. Use & Limitations

- **Intended Use:** Protection against solar radiation (UV) during normal outdoor activities.
- **Not suitable for:**
 - Direct observation of the sun or solar eclipses.
 - Protection against artificial light sources (e.g., solaria).
 - Protection against mechanical impact hazards (unless marked otherwise).
 - Driving at night.

3. Filter Category Guide

Category	Description	Light Transmission	Use 
0	Clear or very light	80% – 100%	Aesthetic / Low light
1	Light tint	43% – 80%	Weak sunlight
2	Medium tint	18% – 43%	Average sunlight
3	Dark tint	8% – 18%	Strong sunlight
4	Very dark tint	3% – 8%	High mountains/glaciers

4. Care and Maintenance

To maintain the integrity of your **KRISP** lenses:

- **Cleaning:** Use a mild soap and water solution. Dry with a clean, soft microfiber cloth. Avoid abrasive cloths or tissues that may scratch the coating.
- **Storage:** Always store your JONDO sunglasses in their protective case when not in use.
- **Heat Warning:** Do not leave your sunglasses on the dashboard of a car or in areas of extreme heat, as this can damage lens coatings and frame alignment.

5. Limited Warranty

Frame Alliance (Pty) Ltd warrants JONDO sunglasses against manufacturer defects for a period of **12 months** from the date of purchase.

- **Covered:** Material defects in frames or lenses.
- **Not Covered:** Scratched lenses, accidental damage, normal wear and tear, or unauthorized repairs.
- **Claims:** Please retain your proof of purchase. For warranty service, contact your local authorized dealer or visit www.jondosport.pl
